Current Employment

Role Players On Demand

March 2014 - Current

Casual - Actor

Role Players on Demand provides it's clients with actors, performing real life scenarios for training purposes. The roles are improvised around a loose script or expected outcome. It is essential that the actors are able to switch characters and moods quite quickly and make it feel as real as possible for the trainees.

Bogan Bingo Host

March 2010 - Current

Casual - Character Actor / Performer

Bogan Bingo is a crazy night of half game show / half comedy gig and where I ironically play the character of "Shazza". More often than not the gigs are fundraisers and I perform in front of large audiences of 300 or more, I don the wig, the wacky costume and MC's a night of Australiana, rock n roll, trivia, all things bogan and bingo. Everybody loves Shazza!
